BE A SCIENTIST – 29 JUNE 2018

The University of Kwa-Zulu-Natal Westville Campus in partnership with EtheKwini Municipality Office of the Deputy City Manager Human Settlements, Engineering & Transport Authority Cluster, Support Services, hosted the Be a Scientist programme on the 29th of June 2018.

The programme was targeted at grades 11 & 12, and its main objective was to give learners an insight of what to expect after completing matric and provide them an opportunity to get a

direction towards their ideal career paths. It also offered assistance to learners in terms of choosing their ideal careers and the right tertiary institution. Support Services was invited to be a part of this initiative to let the learners know of the various bursary opportunities and learnerships available at EThekwini Municipality as well as to provide transportation for the learners and give them fruits as a light snack at the end of the day.
