Parks, Recreation and Culture have approached City Architects to convert the old Umlazi W Hall (Umlazi Cinema) to a leading Performance Arts Facility within the Umlazi area. This project forms part of the department's SDBIP and has a budget of R900 000 associated with it. The request from the client is to convert the facility, keeping to the footprint as far as possible, and to use the building and surrounding area to develop a cultural precinct. Care must be taken to ensure that the most effective and efficient solution is achieved and that cognisance is given to the natural, social and historical environment of the old Umlazi Cinema.
