

ENKANGALA COMMUNITY FACILITY

Address: Unnamed Road, Cibane
Ward: 2
Client: Community Participation
Contract Period: To be confirmed
Contract Value: R3,22 million

Early childhood development is a very important phase in a child's life and providing adequate facilities for children at this age is crucial.

The existing enKangala Creche facility is extremely dilapidated and the crèche was closed down as the building was deemed unsafe for use. It is still utilized for community functions – meetings, clinics, voting, etc. as no other communal space is available for the community.

The proposal looks at demolishing the existing structure and building a new community facility. The facility will comprise of 3 classroom spaces which can be opened up to create one large community hall space.

The proposal will also look at providing covered outdoor play areas as well as providing some new outdoor play equipment.

The project is currently at the end of workstage 2 and requires funding to continue.
