

## CSA 2387 Umkomaas Fire Station

Address: 152 Maclean Street, Umkomaas  
Ward: 99

Client: Fire & Emergency Services

Contract Period: 09-07-2015 - 30-01-2017

Contract Value: R17.379 million

A two storey Fire & Emergency Response Centre constructed on a site with strategic access to the N3 to provide response to situations in the south coast.

Procurement of the site required rezoning from a residential lot, demolition of a disused church building.

The building consists of a double storey concrete and masonry accommodation block with an adjacent steel portal framed engine bay for fire tenders.

The station accommodates a platoon of 8 firefighters, in 3 shifts daily, together with the station commander. The facility includes a gymnasium, parade ground for drills, staff rest and cooking facilities, and dormitories for male & female fire fighters.

Durable, hard wearing finishes have been selected in the harsh marine coastal environment.
