

## PUBLIC NOTICE

# INVITATION TO REGISTER ON THE STRATEGIC ENVIRONMENTAL ASSESSMENT (SEA) DATABASE

eThekweni Municipality has initiated a Strategic Environmental Assessment (SEA) for the eThekweni Municipal Area. An SEA is a process that aims to understand the state and well-being of environmental resources such as water quality, air quality and biodiversity. It offers a platform to highlight environmental concerns and possible response measures so that these can be incorporated into the planning processes of municipalities to ensure environmental sustainability.

The Spatial Planning and Land-Use Management Act (2013) requires municipalities to undertake a SEA within the process of developing municipal Strategic Development Frameworks (SDFs).

Detailed information on the SEA is available at: [http://www.durban.gov.za/City\\_Services/development\\_planning\\_management/environmental\\_planning\\_climate\\_protection/SEA/Pages/default.aspx](http://www.durban.gov.za/City_Services/development_planning_management/environmental_planning_climate_protection/SEA/Pages/default.aspx). Registration to be in the SEA database is now open and will close on 30 April 2019
